PRESS RELEASE

1st December '09

Turning A New Leaf

At the beginning of this year I decided, after having spent the last 7 years trying to fit into a broken system, to set up my own independent property company.

With the help of Sarah, my daughter, who put her efforts into the brand design and communications, we started 'New Leaf Homes' which is growing from strength to strength, and we hope that with our fresh outlook that we will be able to transform the way in which property sales and lettings are handled in England, but first and foremost we need to start locally with Guildford.

The name, 'New Leaf Homes' is based on a verse in scripture, which Sarah then used to develop into our current brand.

Proverbs 11:28 - Whoever trusts in his riches will fall, but the righteous will flourish like a green leaf.

Business is picking up and things are happening...so 'Watch This Space', as we turn this new leaf together!
